

Introduction

NB adapter and USB 3.0 Hub, 2 in 1.

NB H series is the world's first multifunction notebook adapter embedded with USB 3.0 Hub.

The NB H adds more convenience and usability to the world of notebook adapters. This full range (100~240V) adapter series includes built-in USB 3.0 ports to charge mobile devices and/or for increased laptop connectivity. This adapter is an excellent solution for popular ultra and slim laptops that sacrifice USB ports for thinness

Features

- Detachable cables design , Adapter and HUB 2 in 1
- Compatible with USB 3.0, 2.0, 1.1 hosts and devices(such as printer, hard disk, memory stick, mouse, card reader,MP3/4 player....)
- Data transmission function
- Built -in USB 3.0 speedy ports, such as NB H110:3 USB ports, NB H65: 2 USB ports
- 7 changeable output tips for maximum compatibility
- High efficiency > 87%
- The best quality assurance with input fuse and complete circuit protections
- Total output: 110W(95W for NB, 15W for USB3.0 hub) ,65W (55W for NB, 10W for USB3.0 hub)

Product Overview

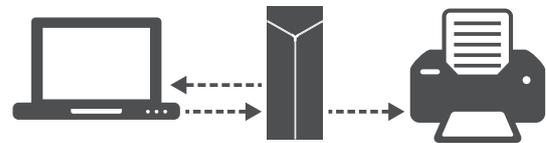

Adapter + Hub 2 in 1

NB H 65 & NB H 110

Highly Compatible to Notebook of
Acer, ASUS, COMPAQ, DELL, FUJITSU,
HP, LENOVO, LG, TOSHIBA ...

Data Transmission function

87%

High Efficiency

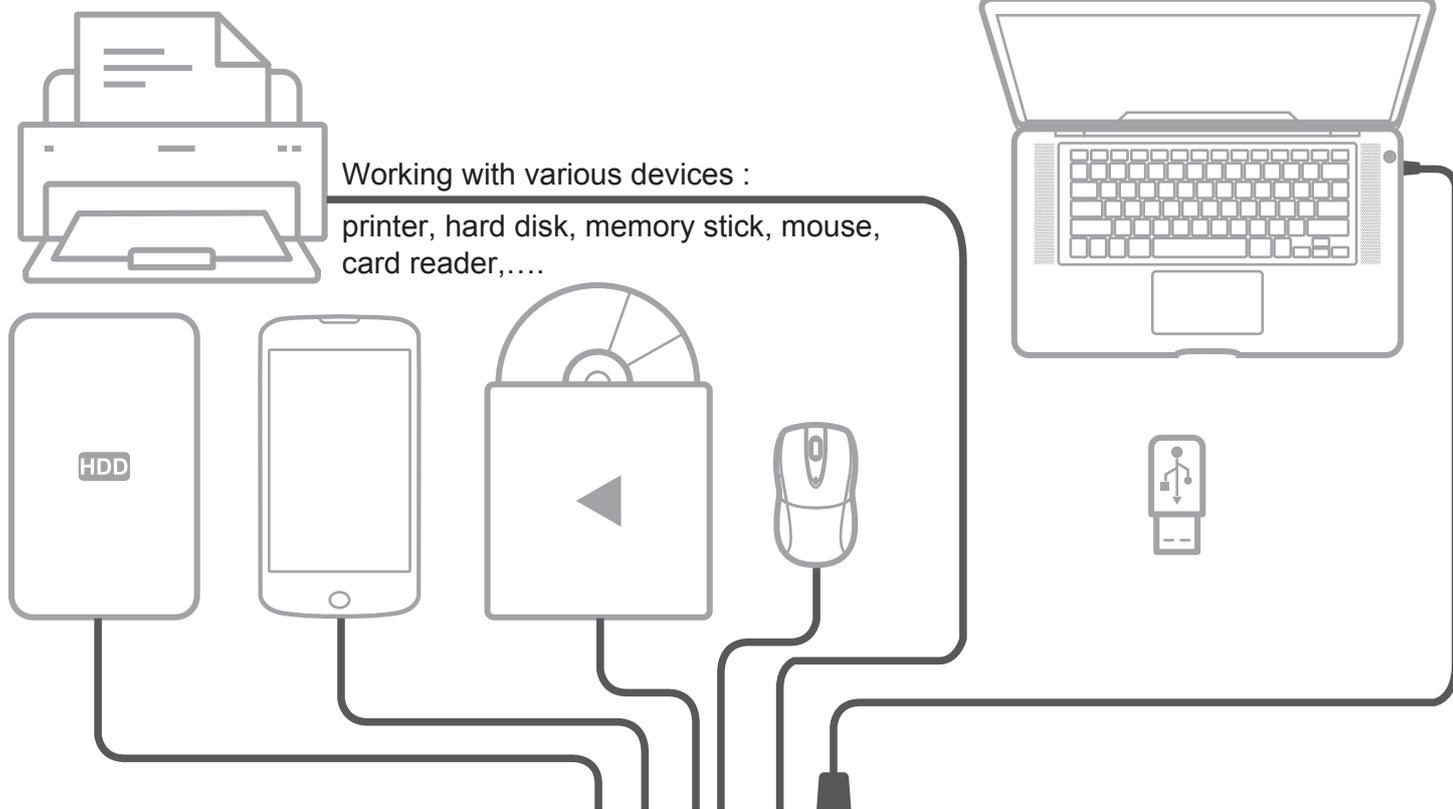

Multiple USB 3.0 Ports

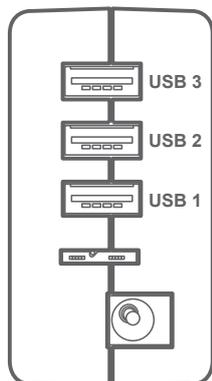

Product Overview

Multiple Speedy USB 3.0 Ports Embedded

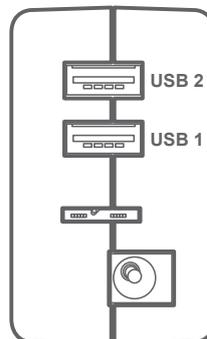

The best partner of Notebook

NB H 110

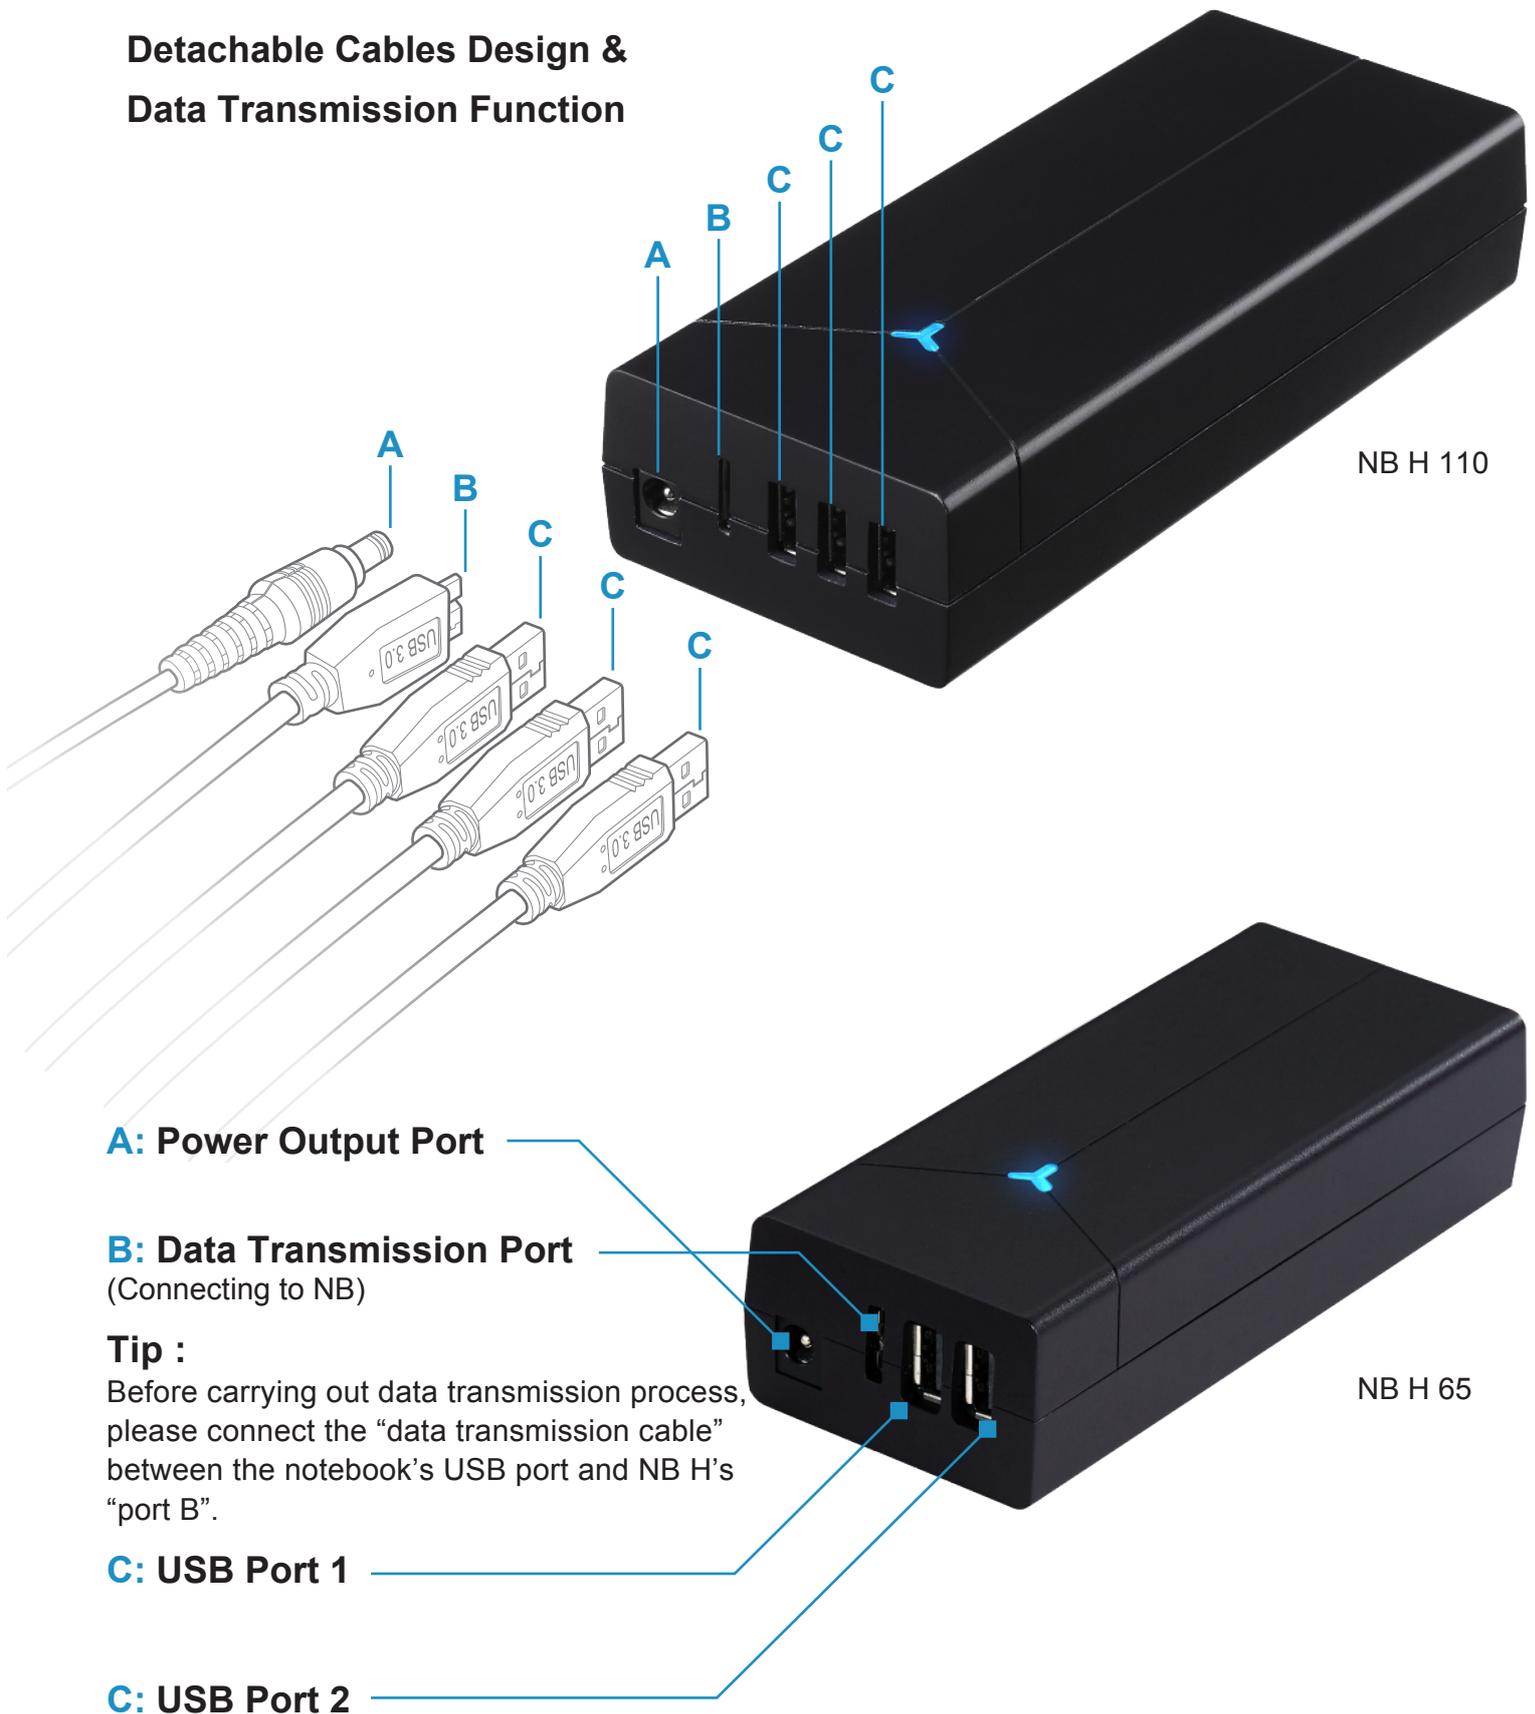

NB H 65

Product Overview

Detachable Cables Design & Data Transmission Function

NB H 110

NB H 65

A: Power Output Port

B: Data Transmission Port
(Connecting to NB)

Tip :

Before carrying out data transmission process, please connect the “data transmission cable” between the notebook’s USB port and NB H’s “port B”.

C: USB Port 1

C: USB Port 2

Application

Charging a laptop

Transmitting data

PS: This process can be carried out without AC power.

Charging smartphones

What is USB 3.0

How fast is USB 3.0?

10 times faster, no more waiting

The amount you can copy in two minutes.

What is USB 3.0

USB 3.0 vs USB 2.0 Download Speeds Comparison

General File Size		 USB 2.0	 USB 3.0
Song/Photo	4MB	0.1 sec	0.01 sec
USB Flash	1GB	8.5 sec	0.8 sec
SD Movie	6GB	3.3 min	20 sec
USB Flash	16GB	8.9 min	53.3 sec
HD Movie	25GB	13.9 min	70 sec

Specifications

Product Name	NB H 110	NB H 65
Output Watt	110W	65W
Output Voltage	19V	19V
Output Current	5.08A	2.95A
USB 1	5V / 0.9A	5V / 0.9A
USB 2	5V / 0.9A	5V / 0.9A
USB 3	5V / 0.9A	-
Input Voltage	100-240Vac	
Input Frequency	50-60Hz	
Efficiency	More than 87%	
No. of Tips	7	8
Operating Temperature	0-40°C	
Protection	SCP / OCP / OVP / OTP / OPP	
Dimension	159×667×345mm	133×55×34mm
Weight	403g	257g

NB H Universal Adapter

110W / 65W
